Euro® Classic Pavers - European style in your home

Adbri Masonry's Euro® Classic pavers are the premium solution to any residential landscaping application. These high quality pavers are made in a state of the art manufacturing facility and feature a traditional pressed smooth surface finish. These superior pavers are hardwearing, practical and easy to lay making them a perfect solution for residential paving projects. Euro® Classic pavers are available in a variety of natural colours which will compliment external paints, render and roofing. If you demand the best for your home then choose the premium paving solution, Euro® Classic, by Adbri Masonry.

Features and benefits

- Vibrant array of natural colours.
- Manufactured in a mould – all pavers will be the same weight, size, height and shape, making them easier to lay.
- Product is highly compressed during production making the product stronger and more resilient to salt attack, water absorption and surface damage such as chipping and spalling.
- Feature a traditional pressed, smooth surface texture, making them perfect for a wide variety of applications.
- Manufactured as a premium paver, tested in our state of the art NATA certified laboratory for performance against slipping, salt attack, efflorescence and breaking load.
- Available in Sharknose for pool surrounds
